#### Notes to the financial statements for the half-year ended 31 December 2006

#### Note 1 - Statement of significant accounting policies

#### Basis of preparation

The half-year financial report is a general purpose financial report prepared in accordance with the Corporations Act 2001, AASB 134: Interim Financial Reporting and other mandatory financial reporting requirements. Australian Accounting Standards include Australian equivalents to International Financial Reporting Standards (AIFRS). Compliance with AIFRS ensures that this half-year financial report, comprising the financial statements and the notes thereto, complies with International Financial Reporting Standards.

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report.

As a result, this report should be read in conjunction with the 30 June 2006 annual financial report of Australian Ethical Investment Limited and any public announcements made by Australian Ethical Investment Limited and its wholly owned entity during the half-year ended 31 December 2006 in accordance with the continuous disclosure requirements of the Corporations Act 2001 and the ASX Listing Rules.

The half-year report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected financial assets for which the fair value basis of accounting has been applied.

Accounting policies have been consistently applied to the current half-year and comparative period, unless otherwise stated. The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the company's 2006 annual financial report for the financial year ended 30 June 2006.

The half-year financial report covers the economic entity of Australian Ethical Investment Limited and its wholly owned entity Australian Ethical Superannuation Pty Ltd. Australian Ethical Investment Limited is a listed public company and both the parent and wholly owned entity are incorporated and domiciled in Australia.

#### Notes to the financial statements for the half-year ended 31 December 2006

#### Note 3 - Events after the balance sheet date

Since the end of the half-year period ending on 31 December 2006, AEI employees have exercised 6,851 options under the employee share ownership plan resulting in an increase in issued capital and cash of \$96,668. No other material events that may have an impact on these financial statements have occurred.

The half-year financial report was authorised for issue on the directors' declaration date by the board of directors.

#### Note 4 - Segment reporting

The company was established in 1986 and is the Responsible Entity of the Australian Ethical Trusts. The company's subsidiary is Trustee of the Australian Ethical Retail Superannuation Fund.

Note 5 - Capital expenditure commitments	31 December 2006 \$	31 December 2005 \$
Capital expenditure commitments contracted for Property purchase Premises rental licence commitments	945,100 49,934	56,652
Payable: - not later than 12 months	995,034	56,652
Note 6 - Contingent liabilities  Liabilities and assets of trusts and superannuation fund  Liabilities of the trusts and superannuation fund for which the economic entity is	31 December 2006 \$	30 June 2006 \$
Responsible Entity and Trustee but not shown in the financial statements of the economic entity were:		
Current liabilities: - Payables	4,568,100	3,321,381
- Provisions	8,693,048	43,712,715
Total liabilities	13,261,148	47,034,096
Rights of indemnities for liabilities incurred by the economic entity not recorded in the financial statements were:	13,261,148	47,034,096

The contingent liability includes a provision for trust distribution. The trusts do not distribute capital gains realised during the period at the half-year end (31 December). Hence, the year end 30 June balance includes capital gains, the half-year end 31 December balances do not.

The trusts and superannuation fund hold sufficient assets to meet these liabilities as and when they fall due.

The assets of the trusts and superannuation fund are not available to meet any liabilities of the economic entity acting in its own right.

#### Notes to the financial statements for the half-year ended 31 December 2006

#### Note 7 - Share based payments

On 22 September 2006, 45,825 (2005:43,664) share options were granted to non-probationary employees under the Australian Ethical Investment Limited employee share ownership plan. The options were issued for nil consideration, are not exercisable for 3 years from the date of issue, have an exercise price of \$32.5 (2005:\$24.82) each and a 3 month window in which to be exercised, and in most circumstances will lapse if the holder is no longer an employee of Australian Ethical Investment Limited. The options hold no voting or dividend rights. These share options had a fair value at grant date of \$4.14 per share option (2005:\$3.36).

On 22 September 2006, 703 ordinary shares were issued to staff who have elected to receive their annual cash bonus in the form of shares under the employee share ownership plan. The shares carry full dividend and voting rights and are not transferable for a period of 3 years, or until an employee leaves the company's employment whichever first occurs (In the comparative year 1,563 ordinary shares, with the same terms, were granted on 21 September 2005).

During the half-year reporting period, Australian Ethical Investment Limited issued 26,927 ordinary shares for \$379,940 on exercise of 26,927 share options issued under its employee share ownership plan. The company announced an employee share buyback scheme to buy back up to a maximum of 14,500 shares issued to employees upon the exercise of the options during the half-year reporting period. Under the terms of that scheme, the company has bought back from employees 5,931 shares at \$29.75 per share. The buyback scheme has expired and no further shares can be bought back under that scheme. The company has cancelled the shares that have been bought back. The exercise of share options and subsequent buyback has resulted in a net increase in ordinary shares of 20,996.

#### INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Australian Ethical Investment Limited

#### Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Australian Ethical Investment Limited, which comprises the consolidated condensed Balance Sheet as at 31 December, 2006, and the consolidated condensed Income Statement, consolidated condensed Statement of Changes in equity and consolidated condensed Cash Flow Statement for the half-year ended on that date, a Statement of Significant Accounting Policies, other selected explanatory notes and the Directors' Declaration.

#### Directors' Responsibility for the Half-Year Financial Report

The Directors of Australian Ethical Investment Limited are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### Auditor's Responsibility

Our responsibility is to express a conclusion on the consolidated half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of Australian Ethical Investment Limited consolidated financial position as at 31 December, 2006 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Australian Ethical Investment Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.

#### Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the consolidated half-year financial report of Australian Ethical Investment Limited is not in accordance with the Corporations Act 2001 including:

(a) giving a true and fair view of the consolidated entity's financial position as at 31 December, 2006 and of its performance for the half-year ended on that date; and

(b) complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.
